# Lymphology

Official Organ of the
International Society of Lymphology

Editors:

A. E. Dumont, New York, N.Y.
P. E. Peters, Munster

Associate Editors:

R. A. Castellino, Stanford, Calif.
J. Davidson, Hamilton, Ont.
A. Engeset, Oslo
W. A. Fuchs, Berne
O. Ishida, Osaka
S. Kubik, Zurich
J. Lauweryns, Leuven
K. Lennert, Kiel
R. C. Mayall, Rio de Janeiro
B. Morris, Canberra
W. Olszewski, Warsaw
G. Szabo, Budapest
S. A. Threefoot, Augusta, Ga.
B. Tjernberg, Uppsala
K. zum Winkel, Berlin
Ch. L. Witte, Tucson, Ariz.

Volume 11/1978

176 Figures
in 210 Single figures
and 38 Tables

1978
Georg Thieme Verlag

## Table of Contents

No. 1 (March 1978) = Page 1–42
No. 2 (June 1978) = Page 43–84
No. 3 (September 1978) = Page 85–126
No. 4 (December 1978) = Page 127–242

*Araki, H., S. Takeo, F. Takenaka:* Comparison of Lactate, Pyruvate and Potassium Concentration in the Cardiac Lymph and, Arterial and Coronary Sinus Plasma in Dogs . . 37

*Bartos, V., V. Brzek:* Effect of Acute Ethanol Administration on the Thoracic Duct Lymph Flow in Man . . . . . 54

*Bettendorf, U.:* Lymph Flow Mechanism of the Subperitoneal Diaphragmatic Lymphatics . . . . . 111

*Bremer, K., A. Engeset, S.S. Fröland:* Circulation and Emigration Kinetics of Blood Lymphocytes in Lymphoma Patients . . . . . 231

*Cauwelaert, Ph., van, J.A. Gruwez:* Experience with Lymphangioma . . . . . 43

*Cramer, B.M., V. Hegedüs, H.J. Dietrich:* Interstitial Handling of Aminoglycoside Antibiotics and Radiographic Contrast Media in the Kidney . . . . . 186

*Dunnick, N.R., K. Horvath, G.L. Head. R.A. Bender:* Lymphography in Surgically Unresectable Adenocarcinoma of the Exocrine Pancreas . . . . . 85

*Engeset, A., W. Olszewski:* Symposium May 8–10, 1978, Arranged in Connection with the 25th Anniversary of Norsk Hydro's Institute for Cancer Research on Tissue Fluid and Peripheral Lymph. Editorial . . . . . 127

*Fabian, G.:* Investigations on the Uterine Lymphatics of Juvenile Mice, Up to the Onset of Sexual Maturity . . . . . 123

*Fadnes, H.O., R.K. Reed, K. Aukland:* Mechanisms Regulating Interstitial Fluid Volume 165

*Godal, T., A. Engeset:* A Preliminary Note on the Composition of Lymphocytes in Human Peripheral Lymph . . . . . 208

*Gnepp, D.R., Ch.H. Sloop:* The Effect of Passive Motion on the Flow and Formation of Lymph . . . . . 32

*Haljamäe, H.:* Anatomy of the Interstitial Tissue . . . . . 128

*Hedman, L.A.:* The Effect of Steroids on the Circulating Lymphocyte Population. . . . . 62

*Heier, H.E., J.A. Sokolowski, O.P. Solheim:* C1q-Binding Substances in Peripheral Lymph in Bronchial Carcinoma . . . . . 170

*Heier, H.E.:* The Influence of Therapeutic Irradiation on Blood and Peripheral Lymph Lymphocytes . . . . . 238

*Jaroskova, L., I. Trebichavsky, F. Kovaru, L. Prokesova:* Precursors of B-Lymphocytes with Surface IgM and their Possible Migration from Bone Marrow to Peripheral Lymphatic Tissue . . . . . 81

*Kett, K., L. Illenyi, L. Lukacs, J. Nyarady:* Passage through the Lymph Node. Studies with Watered and Oiled Contrast Medium Given into an Afferent Lymphatic . . . . . 75

*Lerut, J., T. Lerut, J.A. Gruwez, P. Michielsen:* An Unusual Case of Lymphocele after Renal Transplantation. Case Report . . . . . 89

*Lundin, P.M., L.A. Hedman:* Influence of Corticosteroids on Lymphocyte Recirculation 216

*Magari, S., S. Asano:* Regeneration of the Deep Cervical Lymphatics ..... 57

*McKay, T., J. Zink, C.V. Greenway:* Relative Rates of Absorption of Fluid and Protein from the Peritoneal Cavity in Cats ..... 106

*Musumeci, R., G.M. DePalo, C. Mangioni, G. Bolis, E. Ratti:* The Lymphatic Spread of Ovarian Germinal and Stromal Tumors ..... 22

*Nicolaysen, G.:* Protein Concentration in Lymph ..... 143

*Noer, I., N.A. Lassen:* Evidence of Active Transport (Filtration? ) of Plasma Proteins Across the Capillary Walls in Muscle and Subcutis ..... 133

*Norberg, B., L. Rydgren:* Lymphocyte Migration Through the Walls of the Post-capillary Venules ..... 211

*Olszewski, W., A. Engeset:* Immune Proteins, Enzymes and Electrolytes in Human Peripheral Lymph ..... 156

*Olszewski, W., K. Loe, A. Engeset:* Immune Proteins and Other Biochemical Constituents of Peripheral Lymph in Patients with Malignancy and Postirradiation Lymphedema .. 174

*Olszewski, W., J. Kupiec-Weglinski:* Whole Body Localization of Intravenously Injected Lymphoblasts in Normal Rats ..... 222

*O'Morchoe, C.C.C., P.J. O'Morchoe, M.J. Holmes, H.M. Jarosz:* Flow and Composition of Renal Hilar Lymph During Volume Expansion and Saline Diuresis ..... 27

*Putte, S.C.J., van der:* Congenital Hereditary Lymphedema in the Pig ..... 1

*Putte, S.C.J., van der:* The Pathogenesis of Congenital Hereditary Lymphedema in the Pig ..... 10

*Rajaram, P.C., R. Subramaniam:* Lymphatic Dynamics of Liver by Hepatic Lymphography Using Lipiodol Ultrafluid ..... 93

*Rannie, G.H., W.L. Ford:* Recirculation of Lymphocytes: Its Role in Implementing Immune Responses in the Skin ..... 193

*Rossing, N.:* Intra- and extravascular Distribution of Albumin and Immunoglobulin in Man ..... 138

*Sand, T.E., A. Engeset, O.P. Solheim, S. Jacobsen:* Distribution of Methotrexate between Plasma and Peripheral Lymph in Man ..... 181

*Sokolowski, J., E. Jakobsen, J.V. Johannessen:* Cells in Peripheral Leg Lymph of Normal Men ..... 202

*Syrjänen, K.J.:* IgG in the Walls of the Post-capillary Venules of Human Lymph Nodes . 71

*Syrjänen, K.J.:* Paracortical Post-capillary Venules of Human Lymph Nodes with Special Reference to the Distribution of Their Endothelial IgG ..... 117

*Szabo, G., Z. Magyar:* The Relationship between Tissue Fluid and Lymph. II. Enzymes in Tissue Fluid and Lymph ..... 101

*Szabo, G.:* Enzymes in Tissue Fluid and Peripheral Lymph ..... 147

*Tosatti, E., G. Accarpio, C. Campisi:* Observations on the Deep Lymphatic Circulation of the Limbs and on its Function ..... 49

International Society of Lymphology ..... 42, 84, V

## Subject Index

A
Absorption of fluid and protein from the peritoneal cavity 106
Albumin, intra- and extravascular distribution of, in man 138
Aminoglycoside antibiotics and radiographic contrast media in the kidney 186
Anatomy of the interstitial tissue 128
Antibiotics, aminoglycoside, interstitial handling in the kidney 186

B
B-lymphocytes, precursors of, with surface IgM 81
Blood and peripheral lymph lymphocytes, influence of therapeutic irradiation on 238
– lymphocytes in lymphoma patients, circulation and emigration kinetics of 231
Bone marrow, possible migration of B-lymphocyte precursors to peripheral lymphatic tissues 81
Bronchial carcinoma, peripheral lymph in 170

C
C1q-binding substances in peripheral lymph in bronchial carcinoma 170
Cardiac lymph, lactate, pyruvate and potassium concentration in 37
Cells in peripheral leg lymph of normal men 202
Cervical lymphatics, deep, regeneration of 57
Circulation, lymphatic, deep, of the limbs 49
Contrast media, radiographic, interstitial handling in the kidney 186
– medium, oiled, passage through the lymph node 75
–– watered, passage through the lymph node 75
Coronary sinus plasma, concentration of lactate, pyruvate and potassium 37
Corticosteroids, influence on lymphocyte recirculation 216

D
Deep cervical lymphatics, regeneration of 57
– lymphatic circulation of the limbs 49
Diaphragmatic lymphatics, subperitoneal, lymph flow mechanism in 111
Diuresis, saline, renal hilar lymph flow in 27

E
Electrolytes, enzymes, immune proteins in human peripheral lymph 156
Endothelial IgG in paracortical post-capillary venules in human lymph nodes 117
Enzymes in tissue fluid and lymph 101
––––– peripheral lymph 147
– immune proteins and electrolytes in human peripheral lymph 156
Ethanol administration, effect on thoracic duct lymph flow in man 54

F
Fluid, absorption of, from the peritoneal cavity in cats 106

G
Germinal tumors, ovarian, lymphatic spread of 22

H
Hepatic lymphography using lipiodol ultrafluid 93

I
IgG, endothelial, in paracortical, post-capillary venules of human lymph nodes 117
– in the walls of the post-capillary venules 71
IgM, surface, in B-lymphocyte precursors 81
Immune proteins and other biochemical constituents of peripheral lymph in patients with malignancy and postirradiation lymphedema 174
–– enzymes and electrolytes in human peripheral lymph 156
– responses in the skin, role of recirculating lymphocytes 193
Immunoglobulin, intra- and extravascular distribution of, in man 138
Interstitial fluid volume, mechanisms regulating 165
– tissue, anatomy of 128
Irradiation, therapeutic, influence on blood and peripheral lymph lymphocytes 238

K
Kidney, interstitial handling of aminoglycoside antibiotics and radiographic contrast media 186
– renal hilar lymph flow and composition 27

L
Lactate, pyruvate and potassium concentration in cardiac lymph etc. 37
Leg lymph, peripheral in man, cell content 202
Lipiodol ultrafluid in hepatic lymphography 93
Liver, lymphatic dynamics of 93
Lymph and tissue fluid, enzymes in 101
– cardiac, lactate, pyruvate and potassium concentration in 37
– flow and formation of during passive motion 32
– flow mechanism of the subperitoneal diaphragmatic lymphatics 111
– flow, thoracic duct, in man 54
– node, passage through, studies with watered and oiled contrast medium 75
– nodes, human, IgG in the walls of post-capillary venules 71
– nodes, human, paracortical, post-capillary venules, endothelial IgG 117
– peripheral, and tissue fluid, symposium 127
– peripheral, distribution of methotrexate in man 181
– peripheral, enzymes in 147

– peripheral, immune proteins, enzymes, and electrolytes in 156
– peripheral, immune proteins in patients with malignancy and postirradiation lymphedema 174
– peripheral, in bronchial carcinoma, C1q-binding substances 170
– peripheral, leg, in man, cell content 202
– peripheral, lymphocytes, influence of therapeutic irradiation on 238
– protein concentration in 143
– renal hilar, flow and composition of 27
Lymphangioma, experience with 43
Lymphatic circulation, deep, of the limbs 49
– dynamics of liver by hepatic lymphography using lipiodol ultrafluid 93
– spread of ovarian germinal and stromal tumors 22
– tissues, peripheral, possible migration of B-lymphocytes from bone marrow 81
– subperitoneal diaphragmatic, lymph flow mechanism in 111
– uterine in juvenile mice 123
Lymphedema, congenital, hereditary in the pig 1
––– pathogenesis of 10
– postirradiation, immune proteins in peripheral lymph 174
Lymphoblasts, whole body localization of, in normal rats 222
Lymphocele after renal transplantation 89
Lymphocyte migration, possible, from bone marrow to peripheral lymphatic tissues 81
–– through the walls of the post-capillary venules 211
– population, circulating, effect of steroids on 62
– recirculation, effect of corticosteroids 216
– recirculation: its role in implementing immune responses in the skin 193
– blood, in lymphoma patients, circulation and emmigration kinetics 231
– of blood and peripheral lymph, influence of therapeutic irradiation on 238
Lymphography, hepatic using lipiodol ultrafluid 93
– in surgically unresectable adenocarcinoma of the exocrine pancreas 85
Lymphoma patients, circulation and emigration kinetics of blood lymphocytes 231

M
Methotrexate, distribution in plasma and peripheral lymph in man 181
Motion, passive, the effect of, on flow and formation of lymph 32
Muscle, evidence of active transport of plasma proteins through capillary walls 133

O
Ovarian germinal and stromal tumors, lymphatic spread of 22

P
Pancreas, adenocarcinoma of, lymphography in 85
Peritoneal cavity, relative rates of absorption of fluid and Protein 106
Pig, congenital hereditary lymphedema 1
Plasma proteins, evidence of active transport (filtration? ) across the capillary walls in muscle and subcutis 133
Potassium, pyruvate and lactate concentration in cardiac lymph etc. 37
Protein, absorption of, from the peritoneal cavity in cats 106
– concentration in lymph 143
Pyruvate, lactate and potassium concentration in cardiac lymph etc. 37

R
Regeneration of deep cervical lymphatics 57
Renal hilar lymph flow and composition during volume expansion and saline diuresis 27
– transplantation, lymphocele after 89

S
Skin, immune responses in, role of recirculating lymphocytes 193
Subcutis, evidence of active transport of plasma proteins across the capillary walls 133
Surface IgM in precursors of B-lymphocytes, possible migration from bone marrow to peripheral lymphmatic tissues 81
Steroids, effect on circulating lymphocyte population 62
Stromal tumors, ovarian, lymphatic spread of 22

T
Thoracic duct lymph flow, effect of acute ethanol administration 54
Tissue fluid and lymph, enzymes in 101
––– peripheral lymph, symposium 127
–– enzymes in 147
– interstitial, anatomy of 128
Transplantation, renal, lymphocele after 89
Tumors, germinal and stromal, ovarian, lymphatic spread of 22

U
Uterine lymphatics of juvenile mice, up to the onset of sexual maturity 123

V
Venules, paracortical, post-capillary, in human lymph nodes, endothelial IgG 117
– post-capillary, IgG in the walls of 71
– post-capillary, lymphocyte migration through the walls 211
